Single and Same Sex Women Price list

Further treatment packages with donor eggs are on a separate price list.

IVF egg sharing with an anonymous recipient

S1 £0

Egg sharing involves donating half of your eggs produced during your IVF treatment to a woman who needs eggs so that you both have a chance of becoming pregnant.

Our S1 package includes everything you will need for a standard IVF cycle.

This package may be of interest if you would like to help other women to have a child through the gift of egg sharing, and if you are not eligible for NHS funded Treatment or you have had an unsuccessful NHS funded cycle. Eligibility criteria apply.

Fees include:

Medical consent treatment consultation and nursing consultations
Screening tests for sharer and male partner if applicable
Up to 6 counselling sessions
Stimulation cycle for sharer
Semen preparation of partner sperm if applicable
Egg retrieval
Attempted fertilisation of at least 4 eggs
Embryo transfer
Pregnancy scan or follow up appointment within 3 months
Blastocyst culture of embryos
All drugs for sharer
HFEA Fee £80

Extras if required:

Donor sperm: 1 cycle £850, 3 cycles £2000 (use of donor sperm may require ICSI, but there is no additional charge for this)
Discounted ICSI if required £1125
Discounted embryo freeze and storage for 1 year £540
Half price frozen embryo transfer if not pregnant from 1st cycle and within 6 months of treatment £775
Closed culture incubation - Embryoscope £350

Cancellation Policy:

Cycle cancelled after stimulation due to insufficient response to stimulation or no eggs collected
ICSI fee *full refund*
Failed fertilisation *no refund*

A minimum of 8 eggs is required for the donation to take place. If less than 8 eggs are retrieved, the sharer keeps all the eggs and the donation is cancelled (*at no extra cost*)

There is *no refund* for any unused donor sperm booked

IVF egg sharing with a same sex partner or known recipient and an anonymous recipient

S2 £500

A highly affordable all-inclusive egg sharing package for women in a same sex relationship who wish to donate half their eggs to their partner and the other half to an anonymous recipient.

This package is also suitable for women who have found their own egg donor who is willing to share half her eggs with an anonymous recipient. Eligibility criteria apply.

Fees include:

Medical consent treatment consultation and nursing consultations
Screening tests for donor, known recipient and male partner if applicable
Counselling
Stimulation cycle for donor
Semen preparation of partner sperm if applicable
Egg retrieval
Attempted fertilisation of at least 4 eggs
Scans and preparation for known recipient
Pregnancy scan or follow up appointment within 3 months
All drugs for donor and known recipient
Blastocyst culture of embryos
HFEA Fee £80

Extras if required:

Donor sperm: 1 cycle £850, 3 cycles £2000 (use of donor sperm may require ICSI, but there is no additional charge for this)
Discounted ICSI if required £1125
Discounted embryo freeze and storage for 1 year £540
Half price frozen embryo transfer if not pregnant from 1st cycle and within 6 months of treatment £775
Closed culture incubation - Embryoscope £350

Cancellation Policy:

Donor withdraws consent to donate after medical consult, but prior to stimulation *no refund*

Cycle cancelled after stimulation due to insufficient response to stimulation or no eggs collected
ICSI fee *full refund*
Failed fertilisation *no refund*

A minimum of 8 eggs is required for the donation to the anonymous recipient to take place. If less than 8 eggs are retrieved, the known recipient keeps all the eggs and the donation to the anonymous recipient is cancelled *at no extra cost*

There is *no refund* for any unused donor sperm booked

There is *no refund* if any part of the S2 package is not used

Terms: The full cost of package S2 and ICSI if required is payable at your medical consent treatment consultation. Donor sperm is payable upon reservation.
